TEN CENTS A WEEK

NEW MASONIC TEMPLE DEDICATED WEDNESDAY

Grand Master Louis C. Massey Presided Over Ceremonies---Banquet in the Evening.

Wednesday, April 28th, 1909, will long be remembered by the Masonic fraternity of Gainesville and the large number of visiting brothers who attended the dedication exercises held in this city.

In the morning, and up to the closing hour at 1 p. m., the large and massive building was thronged with visitors from the city and country who came to view the interior, where everything was so nicely arranged, the good ladies of the city having donated a generous supply of flowers and ferns and assisted in arranging the decorations.

The new temple is one of the largest and most complete in the State, being constructed solely for lodge purposes, and many were the compliments paid the local Masons upon possessing such a magnificent building.

The rooms are all large and well arranged, it being twenty-one feet from the flooring to the ceiling, which will always make them cool and inviting. The building is built of cement-pressed brick and cement stone and is one of the handsomest pieces of architecture to be found in this section of the country, costing for the building alone something like \$25,000, while the furnishings, chairs and draperies will easily add \$5,000 to the above amount, making the total stand in round numbers \$30,000.

Grand Lodge in Session.

Promptly at 3:20 p. m. the Grand Lodge of Florida assembled in the lodge room of the new building with Most Worshipful Grand Master Louis C. Massey presiding, assisted by Right Worshipful Jas. Cornell as Deputy Grand Master, Right Worshipful W. Lake as Grand Senior Warden, Right Worshipful W. B. Higdon as Junior Grand Warden, and Right Worshipful W. P. Webster as Grand Secretary.

Prayer was offered by Grand Orator Rev. W. S. Yerger, after which Brother Alonzo M. Cushman, Past Master, on behalf of the committee, presented to the lodge the building in the following appropriate remarks:

"A very pleasing duty indeed has devolved upon me, on behalf of the building committee, of making a formal presentation to the lodge of this magnificent Masonic Temple. Ornate in design, substantial in construction, commodious and comfortable in all its appointments, furnished with a design in fitly appreciation of its sur-

roundings, completed in accordance with its original plans.

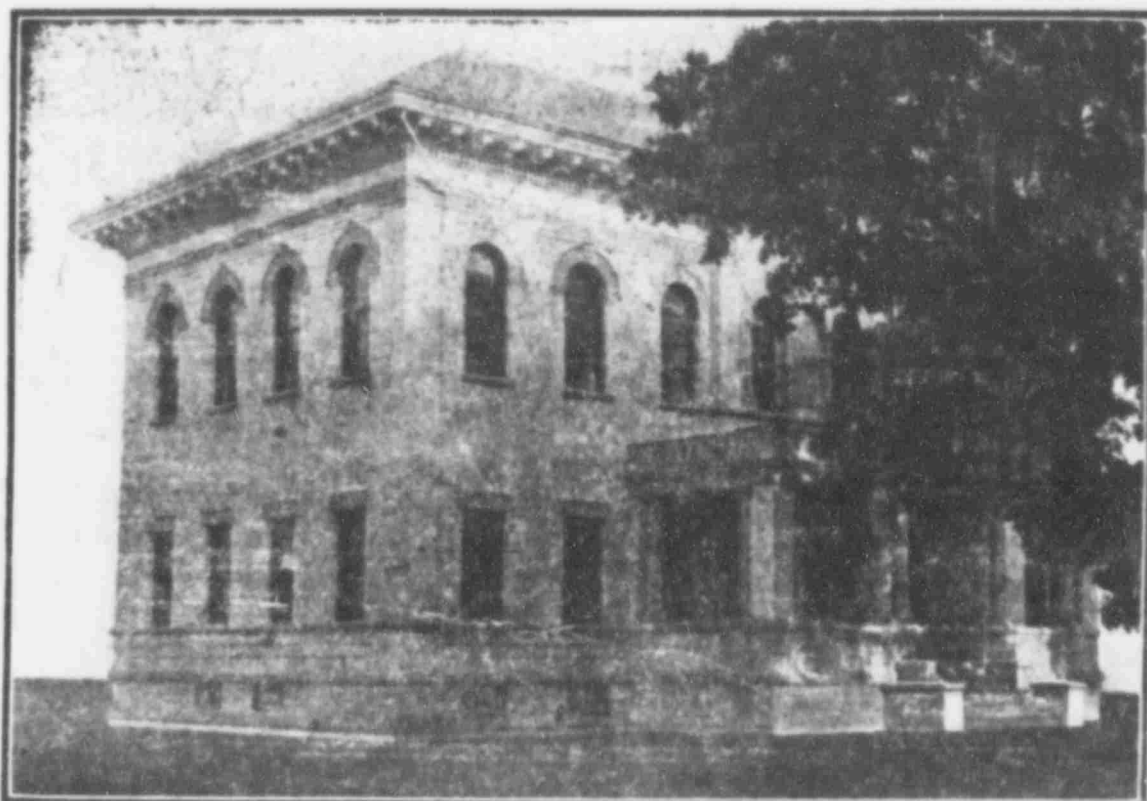

"The arrangements and financial difficulties which surrounded the project of the building of the Temple have been safely, courageously and successfully consummated. It is our home and as such with pleasure and gratification it is now formally tendered to you in its full completion.

"Receive it from me with the fervent hope and prayer that it may be indeed to you a home in its fullest comprehension.

"May you be enabled for all time to come to and therein disseminate the magnificent principles, and animate in the hearts of our membership that ambition which will enable them

to formally receive this beautiful, commodious and splendid Masonic Temple. I congratulate you, my brethren, that at last, after so many long weary years of homelessness, our lodge is possessed of a home. Especially to me, its oldest living Past Master, is this an occasion of joy and thanksgiving---It is the consummation of our proudest ambitions, the frontier of our fondest hopes. Yes, we are at home today, our home. Let us thank God for His blessings that we are permitted to assemble and enjoy this long expected pleasure. Today is ours to enjoy, in which we can renew our vows, our landmarks. Mysterious customs preserve our principals, perpetuate and transmit to those who may come after us.

"As I contemplate the past, and as I cast a reminiscent view of its early history, we are prompted to congratulate Gainesville lodge upon the fact that it has kept pace side by side with the material advancement, progress and enlightenment of the great institutions of the age. How vividly is the recollection before me of the days when our lodge was the occupant of the old Roper Hall, its bare apartment unceiled, unpainted, unplastered walls, its altar constructed of plain pine boards, its seats of

to appear before the world as the exemplars of Masonic teachings and education, thereby fulfilling its promise of benefiting mankind in general, our brethren in particular, and the fulfillment of our hearts' desire to impress and emphasize the universal brotherhood of man and the fatherhood of God."

Speech of Acceptance.

Past Grand Master Marcus Endel, who is no stranger among the whole Masonic fraternity of Florida, made the address of acceptance in the following words:

"Worshipful Master and Brethren of the Gainesville Lodge: It is with an unbounded feeling of happiness and delight that I respond to the summons of the Worshipful Master

to appear before the world as the exemplars of Masonic teachings and education, thereby fulfilling its promise of benefiting mankind in general, our brethren in particular, and the fulfillment of our hearts' desire to impress and emphasize the universal brotherhood of man and the fatherhood of God."

"Its enterprising membership negotiated for more elegant and comfortable quarters.

"We recall the pride, admiration and gratification displayed by our brethren when the modern new hall in the Dutton Bank building was completed, furnished and occupied with intelligent, attentive officers and willing, zealous brethren actively cherishing the laudable ambition to excel in acquiring and promulgating our esoteric work.

Gainesville lodge entered a new era of prosperity and usefulness and attained the proud distinction of being one of the brightest and most useful lodges in our grand jurisdiction, and for a decade its progress has been accelerated by the increasing united efforts of its membership in true and harmonious devotion to the great aims we have espoused, but the grandest era of the lodge's history is now before us, and we are proud to acknowledge that we have entered upon a new era of usefulness and prosperity.

RESOLUTION TO CENSURE CLARK WAS MODIFIED

After Which It Was Adopted By House---Disfranchisement Debate Again Postponed.

TALLAHASSEE, April 28.—Hon. James E. Alexander Tuesday modified his resolution censuring Hon. Frank Clark, offering a substitute which simply endorsed Hon. William J. Bryan, and in that form it was adopted by a vote of 29 to 22.

The resolution as offered by Mr. Alexander was as follows:

"Whereas, The Hon. Frank Clark, member of Congress from the Second district of Florida, has upon the floor of the Congress of the United States assailed the Democracy of the Hon. William J. Bryan, who has three times gallantly led the Democratic hosts, therefore, be it

"Resolved, by the House of Representatives of the Legislature of Flor-

ture to censure Congressman Clark or anyone else for a personal course assumed. "The members of the Legislature have been sent here to enact good laws and not to discuss politics," he remarked fervently.

Mr. Richbourg of Walton said while he admired Congressman Clark he did not sanction his attacks upon Bryan.

Mr. Wells of Leon wanted to know if Congressman Clark was to be censured, what should the House do in regard to Mr. Clayton of Alabama and other Democratic members of Congress who had also assailed the Democracy of Mr. Bryan. An adoption of the resolution meant, so he said, an endorsement of Bryan for the Democratic nomination for 1912.

Wasting Time.

"I'm getting darn tired of this thing, gentlemen; let us get down to business," hotly remarked Mr. Light of Marion.

Mr. Hardee of St. Lucie offered an amendment that after the name Bryan, as last mentioned in the substitute, the words "or whatever part each individual member can subscribe to."

Motion to table amendment prevailed.

Mr. Hodges of Columbia offered an amendment that the name of Frank Clark be struck out of the substitute to the resolution, and the name of the gentleman from Volusia inserted therein. This amendment was ruled out of order.

Motion to adopt the substitute to the resolution prevailed, 29 to 22.

In explaining his vote, Mr. Davis of Madison said that he was sorry the matter had been brought to the cognizance of the Legislature. He was a Bryan Democrat, and that he thought democracy would never succeed in this country until the attacks upon the leaders of the party ceased. He, therefore, would vote in favor of the substitute.

Mr. MacWilliams of St. Johns, in explaining his vote said: "I opposed the original resolution for the reason that the House had no right to censure Mr. Clark's course in Congress. Now that the substitute eliminates all objectionable features, I shall vote in favor of it."

Mr. Wall of Bradford was excused from voting.

Strange Disappearance of Tampa Business Man

TAMPA, April 28.—A mysterious disappearance case is baffling the family and friends of Walter D. Parrish and the police. Mr. Parrish, who is the junior member of the star meat market firm of Parckett & Parrish, has been missing from his home and place of business since last Friday and notwithstanding the fact that diligent search has been made for him no trace of the missing flesh man has been found. He was at his place of business at the corner of Harrison street and E. 11th street, in this city, and good friends and family members are greatly concerned over his disappearance. That day answered a telephone call at his store and after putting up the receiver of the instrument, immediately left the establishment and has not since been seen by his partner, employees or friends.

He is a healthy, industrious, sober man, of about 25 years of age, his relatives living in South Carolina, and it is now proposed to communicate with his father in that State to ascertain whether or not he has gone there, though this is not thought probable.

His father, Mr. Parckett, and other

Government Claims Jurisdiction Over Okeechobee

The Tallahassee correspondent of The Times-Union, writing under date of April 27th, says:

"The request of the Trustees of the Federal Improvement Fund, Hon. A. C. Croom, Comptroller of the State of Florida, sent down to Jacksonville last week to confer with Chief Engineer Scribner and Special Government Engineer Kavanagh, sent out from Washington by the United States Government, Mr. Croom reported to the Times-Union, stating that the United States claimed jurisdiction over Lake Okeechobee, and would take the necessary steps to bring all the water of the

lake, either by tributary streams, canals already in operation, or by tapping the lake itself. The engineer further stated that the War Department would not take the matter up for adjustment and advised that the trustees take steps to have Florida's representatives in Congress procure legislation that will allow the work of draining the Everglades to proceed.

"The question of Federal jurisdiction is a mooted one which will be thoroughly thrashed out by the State, in the meantime, it is the determination of the trustees to go on with the work now in hand."

ication of the temple, its beauti-
substantial and permanent home.
My brethren, we come today to oc-
py this temple of Free Masonry,
ected to the glory of God as a last-
g memorial of our predecessors and
e pledge of our fidelity to the ten-
s of our venerable order. Stand-
g like Israel of old at the parting
Jordan's waters, we look back for
moment to the worn and weary
assage behind us, its victories, its
illures, its wrecks and joyous bless-
gs, and then pass over, staff in
and and lion girded to possess this
eautiful home, realizing what its
ossession demands of us and resolv-
ng under the shekinah of God's pres-
nce to live and do up to the full
asure of the duties imposed.

"This Temple, erected at great
ost by skillful workmen, has a deep
neaning within and beyond the
trength of its walls and the beauty
and skill of its adornment. It is built
or the enshrinement and protection
of something that is far better,
stronger, and more enduring than
oundation stones and vaulting roof—
his sacred deposit is the spirit of
Free Masonry. It is this, not our cere-
monial, which dedicates and is to
verify this temple. Let your hearts
therefore be perfect with the Lord,
our God, to walk in His statutes and
to keep His commandments—then we
have the spirit of Free Masonry
which this slightly Temple embodies,
and herein lies the line of duty which,
as good men and true, we are to car-
ry into the living pathway of our
lives.

"May this great occasion enliven
our devotion to our ancient order;
may it strengthen the bonds of a loy-
al brotherhood; may it be the start-
ing point to each one of us for a
more courageous, hopeful and deter-
mined pilgrimage toward that Tem-
ple not made with hands, eternal in
the Heavens."

Rev. H. S. Yerger, the grand orator
for the occasion, delivered one of the
most masterly and eloquent address-
es ever heard in this city along the
lines of the order, its high and noble
work, its calling, and which was of
a special nature concerning the Ma-
sonic fraternity and not of a public
nature, therefore was withheld from
publication.

Past Master McClellan.

Robt. McClellan, Past Master, was
called upon to present the lodge with
a Bible which was given by A. M.
Cushman, and did so in the following
well-chosen remarks:

"In my thirty years of Masonic
labors in this, my mother lodge, I
have had many honors conferred
upon me by my brethren, and I know
that I appreciate to the fullest each
and every one of them.

"Several years ago, I had the distin-
guished honor of presenting to this

Cured by Lydia E. Pink-
ham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pink-
ham's Vegetable Compound has made
me a well woman, and I would like to
tell the whole world of it. I suffered
from female trouble and fearful pains in
my back. I had the best doctors and
they all decided that I had a tumor
in addition to my female trouble, and
advised an operation. Lydia E.
Pinkham's Vegetable Compound made
me a well woman and I have no more
backache. I hope I can help others by
telling them what Lydia E. Pinkham's
Vegetable Compound has done for
me." — Mrs. Emma Imse, 833 First St.,
Milwaukee, Wis.

The above is only one of the thou-
sands of grateful letters which are
constantly being received by the
Pinkham Medicine Company of Lynn,
Mass., which prove beyond a doubt that
Lydia E. Pinkham's Vegetable Com-
pound, made from roots and herbs,
actually does cure these obstinate dis-
eases of women after all other means
have failed, and that every such suf-
fering woman owes it to herself to at
least give Lydia E. Pinkham's Vegeta-
ble Compound a trial before submit-
ting to an operation, or giving up
hope of recovery.

lodge, in behalf of one of our well-
beloved and honored Past Masters,
a beautiful set of working tools in a
mahogany case, which was much
appreciated by all our members.

"Again, today, I was much surpris-
ed when I was honored by this same
distinguished brother when he asked
me to make another presentation of
a companion piece, and by far the
most important part of our furnish-
ings, and without which all our work
as Masons would be without divine
authority—the Great Book of the
Law, which is given us as the rule
and guide to our faith and practice.
It is the Word of God, and a thorough
acquaintance with the truths therein
contained will afford us that peace
and consolation which the world can-
not give nor take away.

"And now, in behalf of Brother
Cushman, I present to this lodge this
beautiful Holy Bible, and with it his
sincere desire that it shall long
adorn our altar, and be sacredly re-
garded by all who may be found
worthy to place their hands upon it
and press it to their lips."

Other Gifts.

Among the handsome souvenirs
presented the lodge were a cone of
Lebanon cedar, sprig of Oasis cut
from tree on Mt. Olive and piece of
the battleship Maine, which were
given by W. J. Morrow of Orange,
N. J., each piece having been secur-
ed by his own hands while visiting
these points.

DUTTON PHOSPHATE CO. ELECT NEW OFFICERS

COL DUTTON AGAIN PRESIDES
AS PRESIDENT OF CONCERN.

Headquarters Will Remain in This
City and Will Be of Great As-
sistance to Business Interests.

The reorganization of the Dutton
Phosphate Company has been com-
pleted and the officers who will here-
after have charge of the affairs of
this large corporation are Col. H. F.
Dutton, president and general man-
ager; W. M. Dale, vice-president;
Col. J. G. Nichols, secretary-treasurer;
R. V. Ott, assistant secretary-treas-
urer; C. D. Dennis, general superin-
tendent; Col. I. E. Webster, cashier.

The headquarters will remain in
Gainesville and the same liberal pol-
icy will be pursued by the company
that has marked their business en-
terprises during the past several
years. It is today one of the largest
phosphate concerns in the country,
and the fact that they have perma-
nently decided on Gainesville as head-
quarters will be hailed with delight
by the citizens.

The office force of this company
is quite large, besides numerous busi-
ness people are called here to see
them, and in every way it is of great
benefit to the city, maintaining a
large and handsome building for their
offices alone.

The public will note with pleasure
that Col. Dutton and Nichols retain
an active interest in this great cor-
poration, which was originally started
by them and which gradually branch-
ed out under the supervision of Mr.
Chase to such mammoth propor-
tions.

Banquet in Evening.

The real joy and delight of the
evening to the large number invited
was the entertainment feature. Mu-
sic was furnished by the Woltz Or-
chestra and local talent, and the ban-
quet closed one of the greatest events
in the history of the city.

Ample accommodations had been
made in the large reception room and
five lengthy tables were filled to
overflowing with choice edibles that
had been prepared by the committee
in charge of this part of the program.

Following is the order in which
the evening program was carried out,

Eminent Authorities Say

That outdoor exercise is needed by
the American people. That's all very
well, but how can people with rheuma-
tism follow that advice? The answer
is very simple—use Ballard's Snow
Liniment and the rheumatism will go,
leaving you as spry as a colt. Gives
quick and permanent relief from
rheumatism, neuralgia, lame back.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect
the skin, their source is far deeper than the outside cuticle. These afflictions
are caused by irritating humors, or uratic acid in the blood. Such impurities
inflame and irritate the delicate net-work of fibrous tissue which lies just
beneath the surface of the outer skin, and the inflammatory discharge thus
produced is forced out through the pores and glands, and is continually
kept up while the blood remains infected. This exudation causes the forma-
tion of scales and crusts so often seen in Eczema, and when they are
scratched off the flesh is left raw and more susceptible to other infection.
It can very readily be seen then that to produce a cure the circulation must
be purified and cleansed. This S. S. S. will do. It goes down to the very
bottom, removes all humors and impurities, neutralizes the excessive acids
of the system and in this way removes the cause of disease. Local applica-
tions can only soothe the irritation and assist in keeping the skin clean; they
never produce a cure because such treatment does not reach the blood.
S. S. S. restores to the thin, acrid blood all its lost properties, makes it
pure and rich and enables it to nourish the skin and keep it soft, smooth
and healthy. Book on Skin Diseases and any medical advice free to all
who write.

There is No Lag in the Voting and
All Parties Are Deeply
Interested.

Every section of the county is now
alive to the voting and every mail
brings in a large number of votes
that have been procured from the
merchants and taken home by friends
to be sent back to the city.

The rural districts are not by any
means slow in catching on and a
large number of the contestants have
already secured orders from large
firms who trade here for all of the
votes on their purchases and have
also gotten them interested to such
an extent that they will throw more
trade to the merchants who have
joined the combine.

By a careful perusal of all the
merchants mentioned in the large ad-
vertisement you will find just where
to do your trading and at the same
time make the money count for votes,
and don't fail to remember that a
most liberal way in which to secure
votes during your spare time at
home is to canvass among the neigh-
bors for subscriptions, job work or
advertising for The Sun. Each and
every day since the great contest be-
gun clubs have been mailed the pa-
per, which accounts, in a manner, for
the way the country precincts are
being heard from.

Gainesville girls have interested
themselves almost from the start, as
will be seen by reference to the large
vote now being polled by all of the
leaders.

Granite Has Arrived.

The granite curbing for the west
side of East Main street has arrived
and was yesterday hauled and placed
along side of the gutters. The work
of setting this stone will be done at
once and it is expected that the
brick wall shortly arrive, when the
work of paving will begin.

AMUSEMENTS

Millar Bros' Show.

Millar Bros' Vaudeville Novelties
will appear at the Baird Theatre Fri-
day and Saturday nights.

The Ocala Star of Thursday says:
"There was not a very large crowd
at the Armory last night, and all
who did not go missed something
worth while, for the Diorama is cer-
tainly one of the best shows for the
money that ever came to Ocala. The
pictures were clear and artistic, and
many of them, notably the burning
ship and the eruption of Vesuvius,
were really thrilling to look at. The
actors were excellent—no one in the
audience ever realized what a pretty
Dutch frauin looked like until May
Collins came on the stage. She is
pretty and witty, a sweet-voiced sing-
er, and a talented pianist. William
Millar can't be said to be pretty, but
his dry humor was much appreciated."
Popular prices—15 and 25 cents.
Reserved seats 35 cents.

Rehearsals Progressing.

All arrangements are about com-
plete for the presentation of the
Amateur Vaudeville Show at the New
Baird next Monday night.

Rehearsals are moving along at a
lively clip, and the performers are
fast working themselves in shape to
present a creditable show.

Pile and Bouls will be there in
new acrobatic feats, Arthur Allen will
be there with his black-face mono-
logue, and Prof. Woltz will also be
there in a new musical act. Ed
Wellington will be "doing business
at the same old stand" in a new
Irish monologue.

There will also be a comedy sketch
entitled, "Grady's Hotel," and a
serious one-act play entitled, "The
Varsity Halfback," also "That Quar-
terette."

The program will be definitely an-
nounced later in the week.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach
or nervous troubles, Capudine will
relieve you. It's liquid—pleasant to
take—acts immediately. Try it. 10c

Fire Alarm Wednesday.

At 11:15 o'clock Wednesday morn-
ing the department was called out
by an alarm from Box 82, located near
the Seaboard depot, when it was
found that the gas plant was on fire.
Some of the framing of the building
was burning in the roof, but was ex-
tinguished with little damage.

MONEY-BACK OFFER

Mi-o-na Quickly Cures Belching, Sour
Stomach, Foul Breath, Stomach
Distress or Money Back.

Stop your indigestion right away,
you can do it if you will.

Go to J. W. McCallum & Co. today
and get a box of Mi-o-na tablets.
Take one before, with or after meals
for a few days and note the wonderful
result.

In a week you can eat and enjoy
any food you want without after dis-
turbance, in two weeks you will feel
like a new being.

Careful women who want to have
and keep a good complexion, rosy
cheeks, and bright eyes, should try
Mi-o-na, acting as it does on the stom-
ach it is the great preventive of im-
pure blood.

If you have a sallow complexion,
pimples, blotches, or dull eyes, your
digestion is all wrong and you should
take Mi-o-na tablets immediately, and
put your stomach right.

Mi-o-na instantly stops belching of
gas, sour stomach, heartburn and foul
breath.

Mi-o-na is guaranteed by J. W. Mc-
Callum & Co. to cure dyspepsia, sea
or car sickness, vomiting of preg-
nancy, or nervous back.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by
effectually helping Nature to Relieve Indigestion.
But don't trifle with Indigestion.

A great many people who have
trifled with indigestion, have been
sorry for it—when nervous or
chronic dyspepsia resulted, and
they have not been able to cure it.
Use Kodol and prevent having
Dyspepsia.

Everyone is subject to indiges-
tion. Stomach derangement follows
stomach abuse, just as naturally
and just as surely as a sound and
healthy stomach results upon the
taking of Kodol.

When you experience sourness
of stomach, belching of gas and
nauseating fluid, bloated sensation,
gnawing pain in the pit of the
stomach, heart burn (so-called),
diarrhoea, headaches, dullness or
chronic tired feeling—you need Ko-
dol. And then the quicker you take
Kodol—the better. Eat what you
want, let Kodol digest it.

Ordinary pepsin "dyspepsia tab-
lets," physics, etc., are not likely
to be of much benefit to you, in
digestive ailments. Pepsin is only

a partial digester—and physics are
not digesters at all.

Kodol is a perfect digester. If
you could see Kodol digesting every
particle of food, of all kinds, in the
glass test-tubes in our laboratories,
you would know this just as well
as we do.

Nature and Kodol will always
cure a sick stomach—but in order
to be cured, the stomach must rest.
That is what Kodol does—rests the
stomach, while the stomach gets
well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dol-
lar bottle. Then after you have used the
entire contents of the bottle if you can
honestly say, that it has not done you any
good, return the bottle to the druggist and
he will refund your money without ques-
tion or delay. We will then pay the drug-
gist for the bottle. Don't hesitate, all
druggists know that our guarantee is good.
This offer applies to the large bottle only
and to but one in a family. The large bot-
tle contains 2½ times as much as the fifty
cent bottle.

Kodol is prepared at the labora-
tories of E. C. DeWitt & Co., Chicago.

NEWS FROM ALL PARTS OF FLORIDA

Governor Gilchrist has wired W. J. Bryan an invitation to come to Tallahassee and address the Legislature.

The \$1,000,000 bond election for Duval county, which was to have been held on May 11th, has been postponed.

Macfarland Park, in West Tampa, has just been opened to the public. The city has pledged an ample fund for its maintenance.

At a mass-meeting held in Brooksville Monday night a volunteer fire company was organized. Full equipment for same has already been ordered.

Wilnot A. Winters, a fourteen-year-old boy of Jacksonville, fell forty feet from a magnolia tree Monday afternoon and his escape from death was a miracle.

The past winter in Miami has been an eventful one in the matter of construction of new buildings and the ensuing weeks of the summer months promise to be equally as busy.

John Cummings, a negro section hand employed by the Seaboard Air Line, dropped dead in Jacksonville Tuesday morning shortly after going to work. Death was due to heart failure.

A prominent young lady of Live Oak afflicted with mental aberration spent Saturday night and Sunday in Tampa without knowing the name of the city and entirely without protection. The cause of her disturbed mental condition is not known.

A murderous attack was made on Arthur Schleman, who has a monopoly on dog catching and cow impounding in Tampa, by an Italian for trying to impound a cow belonging to the Italian. The arrival of other policemen was all that saved Policeman Schleman from having to kill his assailant.

A GREAT DISCOVERY

Certain Ingredients That Really Grow Hair When Properly Combined.

Research is one of the most effective germ destroyers ever discovered by science, and in connection with Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new ones.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishment properties, perfect the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medical agents. We guarantee it to positively cure dandruff and to grow hair; even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness. If the scalp has a glazed shiny appearance it's an indication that baldness is permanent, but in every other instance baldness is curable.

We want everyone troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93 per cent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and in every particular better, than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Two sizes, 50c and \$1.00. J. W. McCollum & Co., corner East Main and Union streets.

RESOLUTION TO CENSURE CLARK WAS MODIFIED

(Continued from Page One.)

honorable means to have the present head of the Internal Revenue Department of the Government in this State decapitated and a good white man appointed as successor, was read. Senator Tallaferra, promised his best efforts to the movement.

At this juncture Mr. MacWilliams of St. Johns offered a resolution that the House, beginning Wednesday, convene at 9 a. m. and adjourn at 1 p. m. daily. In explanation of the purpose of the resolution Mr. MacWilliams said he thought the House could accomplish more work during a four-hour session than a two-hour session.

House concurrent resolution No. 14, by Mr. MacWilliams of St. Johns, that the orange blossom be adopted and designated as the emblem flower of the State. Under waiver of rules this was adopted for immediate certification to the Senate.

IN THE SENATE.

Under joint resolution introduced in the Senate Tuesday by Senator Harris of the Twenty-fourth, the Postmaster-General at Washington will be asked to establish a daily mail service from Knights Key to Key West by packet.

The Senate devoted the greater part of the session to bills on third reading and passed a number of very important ones.

After long debate the bill by Senator Shuford, raising the school age from 7 to 14 years, was killed by a vote of 15 to 11. Senator Buckman of Duval spoke strongly in favor of the measure, while Senator McCrory of Alachua objected to its passage.

Among the bills passed on final reading was one by Senator McMullen giving street car companies the same right and power of eminent domain enjoyed by railroads and canal companies and another by Senator Johnson prohibiting fire insurance compa-

nies from setting up lack of title as defense from payment of a policy. Owing to the fact that several Senators were absent Senator Beard asked that his disfranchisement measure, which was down as a special order, be set as special order for Thursday instead. This was agreed to and he will speak Thursday morning at 10 o'clock in behalf of the measure.

On Third Reading.

Among bills considered on third reading were the following:

Senate Bill No. 31, by Mr. McCrory—To punish any person who intimidates or attempts to intimidate any person who has been served with process to appear as a witness in any court of this State. Adopted.

Senate Bill No. 10, by Mr. Johnson—Prohibiting fire insurance companies doing business in this State, in the absence of, fraud, misrepresentation or deceit upon the part of the party insuring, from setting up as a defense against payment of a policy lack of title in the party insuring. Adopted, 22 to 3.

Senate Bill No. 195, by Crill—Prohibiting prostitution of females under the age of 18 and providing maximum imprisonment of ten years. Adopted.

Senate Bill No. 109, by Crill—Relating to enticing away unmarried females for prostitution and providing maximum of three years in State prison or \$1,000. Adopted.

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

The "Coon" Came Back.

N. Francisco, the fruit man, has a number of birds and pets, among the number being a "coon" which he purchased several weeks since and which has become quite a pet among the attaches of his store. His coonship strayed off a few nights since, crawling out of an open window, but he reappeared Wednesday after a two-days' absence and came slipping up the back street, not stopping until he landed safely on the inside of the store.

For COLDS and GRIP

Hicks' CAPUDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c, 25c and 50c at drug stores.

Cipriano Castro doubtless would be quite a success on the lecture platform now, if he could only locate a platform that he would not be politely but firmly invited to vacate.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it seeps the vitality; causing itching, scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A Knocker

Is a man who can't see good in any
person or thing. It's a habit caused by
a disordered liver. If you find that
you are beginning to see things
through blue spectacles, treat your liv-
er to a good clean cut process with
Ballard's Herbine. A sure cure for
constipation, dyspepsia, indigestion,
biliousness, all liver, stomach and
bowel troubles. Sold by W. M. John-
son.

Silence!

The instinct of modesty natural to every woman is often a
great hindrance to the cure of womanly diseases. Women
shrink from the personal questions of the local physician
which seem indelicate. The thought of examination is ab-
horrent to them, and so they endure in silence a condition
of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a
great many women who have found a refuge
for modesty in his offer of FREE consulta-
tion by letter. All correspondence is held
as sacredly confidential. Address Dr. R. V.
Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates
the womanly functions, abolishes pain and builds up and
puts the finishing touch of health on every weak woman
who gives it a fair trial.

It Makes Weak Women Strong,
Sick Women Well.

You can't afford to accept a secret anstrum as a substitute
for this non-alcoholic medicine of known composition.

ABOUT ADVERTISING—NO. 3

How to Write Retail
Advertising Copy

By Herbert Kaufman.

A skilled layer of mosaics works with
small fragments of stone—they fit into more
places than the larger chunks.

The skilled advertiser works with small
words—they fit into more minds than big
phrases.

The simpler the language the greater cer-
tainty that it will be understood by the least
intelligent reader.

The construction engineer plans his road-
bed where there is a minimum of grade—he
works along the lines of least resistance.

The advertisement which runs into moun-
tainous style is badly surveyed—all minds are
not built for high level thinking.

Advertising must be simple. When it
is tricked out with the jewelry and silks of
literary expression it looks as much out of
place as a ball dress at the breakfast table!

The buying public is only interested in
facts. People read advertisements to find out
what you have to sell.

The advertiser who can fire the most facts
in the shortest time gets the most returns.
Blank cartridges make noise but they do not hit
—blank talk, however clever, is only wasted
space.

You force your salesmen to keep to solid
facts—you don't allow them to sell muslin
with quotations from Omar or trousers with
excerpts from Marie Corelli. You must not
tolerate in your printed selling talk anything
that you are not willing to countenance in
personal salesmanship.

Cut out clever phrases if they are inserted
to the sacrifice of clear explanations—write
copy as you talk. Only be more brief. Publicity
is costlier than conversation—ranging in price
downward from \$6.00 a line, talk is not cheap
but the most expensive commodity in the world.

Sketch in your ad to the stenographer.
Then you will be so busy "saying it" that you
will not have time to bother about the gew-
gaws of writing. Afterwards take the type-
written manuscript and cut out every word
and every line that can be erased without omit-
ting an important detail. What remains in the
end is all that really counted in the beginning.

Cultivate brevity and simplicity. "Savon
Francais" may look smarter, but more people
will understand "French Soap." Sir Isaac
Newton's explanation of gravitation covers six
pages, but the schoolboy's terse and homely
"What goes up must come down" clinches
the whole thing in six words.

CAUGHT TWO "TIGERS."

Deputy Sheriff Story Brings in Man and Wife Wednesday.

Deputy Sheriff L. E. Story Wednesday brought to this city two alleged blind tiger keepers and placed them in jail to await an examination, which will be heard before County Judge Mason. They were arrested at Grove Park.

Isaiah and Lou Stevens, man and wife, it is said have been selling whiskey for some time and complaint having been made to the deputy, he set several traps and lay in wait for them, finally being rewarded by catching them in the act on Tuesday night.

This is the first arrest for this violation in that section for some time.

At the Adventist Church.

Rev. Sweet's sermon in the Adventist church tonight will be of special interest to Christians of all denominations. His theme will be, "The Fundamental Principles of Adventism," which are more generally misunderstood than are the doctrinal views of any other evangelical denomination.

Good results continue to attend these revival services. Sinners are being saved from night to night, and church-members are being built up in Christian character.

The co-operation of Christians of other denominations is solicited, and everybody is cordially invited to attend.

One-Quarter of a Pound a Week

At least, is what a young baby ought to gain in weight. Does yours? If not there's something wrong with its digestion. Give it McGee's Baby Elixir. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price, 25c and 50c. Sold by W. M. Johnson.

Negro Drops on Street.

An unknown Negro who hailed from the country dropped on West Union street yesterday about noon after having ate a hearty meal of fish.

Dr. J. A. Parker, the colored physician, was called and pronounced the case as acute indigestion and at once went to work on the man. He was unconscious all the afternoon and no one could be found who knew him; even his friend who had come to the city with him could not be located, but it is presumed that he is from one of the turpentine farms operating in this section.

Mr. Lake Here.

Among those who came to attend the ceremonies incident to the dedicating of the new Masonic Temple in this city yesterday was Wm. Lake of Starke, who is a guest of Congressman Frank Clark while here.

Mr. Lake is a thirty-second degree Mason, and holds the honored position of district deputy of the Eleventh Florida district. He expressed himself as being delighted with the magnificent new home of the Masons of Gainesville, and compliments the local lodge very highly upon its progress.

Children especially like Kennedy's Laxative Cough Syrup, as it tastes nearly as good as maple sugar. It not only heals irritation and allays inflammation, thereby stopping the cough but it also moves the bowels gently and in that way drives the cold from the system. It contains no opiates. Sold by all druggists.

NOTICE:

To All Whom It May Concern: Notice is hereby given that sixty days after this date there will be a bill introduced at the 1909 session of the Florida Legislature for a special law for Alachua county to prohibit the shooting, hunting or killing of quail for three (3) days out of each week during the open season.

Don't use physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulents. They operate easily, tone the stomach, cure constipation.

NEW MASONIC TEMPLE DEDICATED WEDNESDAY

Grand Master Louis C. Massey Presided Over Ceremonies---Banquet in the Evening.

Wednesday, April 28th, 1909, will long be remembered by the Masonic fraternity of Gainesville and the large number of visiting brothers who attended the dedication exercises held in this city.

In the morning, and up to the closing hour at 1 p. m., the large and massive building was thronged with visitors from the city and country who came to view the interior, where everything was so nicely arranged, the good ladies of the city having donated a generous supply of flowers and ferns and assisted in arranging the decorations.

The new temple is one of the largest and most complete in the State, being constructed solely for lodge purposes, and many were the compliments paid the local Masons upon possessing such a magnificent building.

The rooms are all large and well arranged, it being twenty-one feet from the flooring to the ceiling, which will always make them cool and inviting. The building is built of cement-pressed brick and cement stone and is one of the handsomest pieces of architecture to be found in this section of the country, costing for the building alone something like \$25,000, while the furnishings, chairs and draperies will easily add \$5,000 to the above amount, making the total stand in round numbers \$30,000.

Grand Lodge in Session.

Promptly at 3:30 p. m. the Grand Lodge of Florida assembled in the lodge room of the new building with Most Worshipful Grand Master Louis C. Massey presiding, assisted by Right Worshipful Jas. Carnell as Deputy Grand Master, Right Worshipful W. Lake as Grand Senior Warden, Right Worshipful W. B. Higdon as Junior Grand Warden, and Right Worshipful W. P. Webster as Grand Secretary.

Prayer was offered by Grand Orator Rev. W. S. Yerger, after which Prother Alonzo M. Cushman, Past Master, on behalf of the committee, presented to the lodge the building in the following appropriate remarks:

"A very pleasing duty indeed has devolved upon me, on behalf of the building committee, of making a formal presentation to the lodge of this magnificent Masonic Temple. Ornate in design, substantial in construction, commodious and comfortable in all its appointments, furnished with a design in fitting appreciation of its sur-

roundings, completed in accordance with its original plans.

"The arrangements and financial difficulties which surrounded the project of the building of the Temple have been safely, courageously and successfully consummated. It is our home and as such with pleasure and gratification it is now formally tendered to you in its full completion.

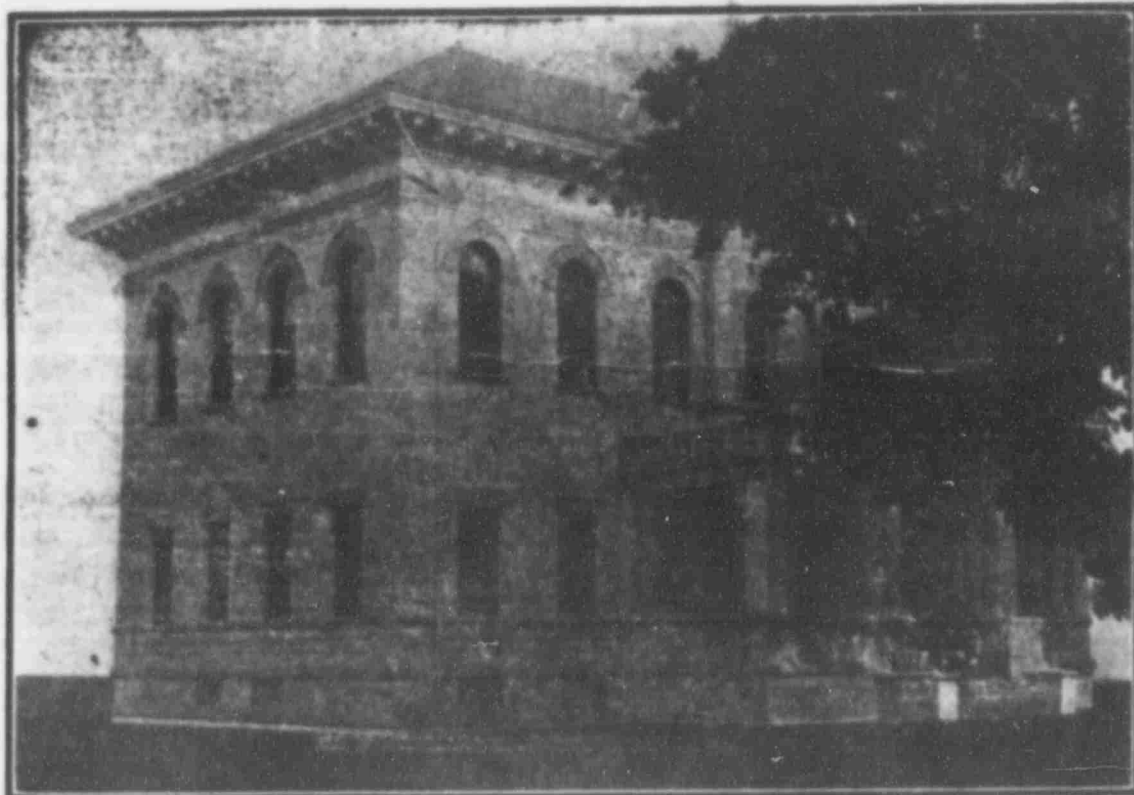

"Receive it from me with the fervent hope and prayer that it may be indeed to you a home in its fullest comprehension.

"May you be enabled for all time to come to and therein disseminate the magnificent principles, and animate in the hearts of our membership that ambition which will enable them

to formally receive this beautiful, commodious and splendid Masonic Temple. I congratulate you, my brethren, that at last, after so many long weary years of homelessness, our lodge is possessed of a home. Especially to me, its oldest living Past Master, is this an occasion of joy and thanksgiving—it is the consummation of our proudest ambitions, the frontier of our fondest hopes. Yes, we are at home today, our home. Let us thank God for His blessings that we are permitted to assemble and enjoy this long expected pleasure. Today is ours to enjoy, in which we can renew our vows, our landmarks. Mysterious customs preserve our principals, perpetuate and transmit to those who may come after us.

"As I contemplate the past, and as I cast a reminiscent view of its early history, we are prompted to congratulate Gainesville lodge upon the fact that it has kept pace side by side with the material advancement, progress and enlightenment of the great institutions of the age. How vividly is the recollection before me of the days when our lodge was the occupant of the old Roper Hall, its bare apartment uncared, unpainted, unplastered walls, its altar constructed of plain pine boards, its seats of

to appear before the world as the exemplars of Masonic teachings and education, thereby fulfilling its proud mission of benefiting mankind in general, but brethren in particular, and the fulfillment of our hearts' desire to impress and emphasize the universal brotherhood of man and the fatherhood of God."

Speech of Acceptance.

Past Grand Master Marcus Endel, who is no stranger among the whole Masonic fraternity of Florida, made the address of acceptance in the following words:

"Worshipful Master and Brethren of the Gainesville Lodge: It is with an unbounded feeling of happiness and delight that I respond to the summons of the Worshipful Master

to appear before the world as the exemplars of Masonic teachings and education, thereby fulfilling its proud mission of benefiting mankind in general, but brethren in particular, and the fulfillment of our hearts' desire to impress and emphasize the universal brotherhood of man and the fatherhood of God."

"Its enterprising membership negotiated for more elegant and comfortable quarters.

"We recall the pride, admiration and gratification displayed by our brothers when the modern new hall in the Dutton Bank building was completed, furnished and occupied with intelligent, attentive officers and willing, zealous brethren actively cherishing the laudable ambition to excel in acquiring and promulgating our esoteric work.

"Gainesville lodge entered a new era of prosperity and usefulness and attained the proud distinction of being one of the brightest and most useful lodges in our grand jurisdiction, and for a decade its progress has been accelerated by the unvarying united efforts of its membership in true and harmonious devotion to the great cause we have espoused, but the grand era of this lodge's history, its requirements and achievements is the celebration of this happy occasion of the completion and

RESOLUTION TO CENSURE CLARK WAS MODIFIED

After Which It Was Adopted By House---Disfranchisement Debate Again Postponed.

TALLAHASSEE, April 28.—Hon. James E. Alexander Tuesday modified his resolution censuring Hon. Frank Clark, offering a substitute which simply endorsed Hon. William J. Bryan, and in that form it was adopted by a vote of 29 to 22.

The resolution as offered by Mr. Alexander was as follows:

"Whereas, The Hon. Frank Clark, member of Congress from the Second district of Florida, has upon the floor of the Congress of the United States assailed the Democracy of the Hon. William J. Bryan, who has three times gallantly led the Democratic hosts, therefore, be it

"Resolved, by the House of Representatives of the Legislature of Flor-

ture to censure Congressman Clark or anyone else for a personal course assumed. "The members of the Legislature have been sent here to enact good laws and not to discuss politics," he remarked fervently.

Mr. Richbourg of Walton said while he admired Congressman Clark he did not sanction his attacks upon Bryan.

Mr. Wells of Leon wanted to know if Congressman Clark was to be censured, what should the House do in regard to Mr. Clayton of Alabama and other Democratic members of Congress who had also assailed the Democracy of Mr. Bryan. An adoption of the resolution meant, so he said, an endorsement of Bryan for the Democratic nomination for 1912.

Wasting Time.

"I'm getting darn tired of this thing, gentlemen; let us get down to business," hotly remarked Mr. Light of Marion.

Mr. Hardee of St. Lucie offered an amendment that after the name Bryan, as last mentioned in the substitute, the words "or whatever part each individual member can subscribe to."

Motion to table amendment prevailed.

Mr. Hodges of Columbia offered an amendment that the name of Frank Clark be struck out of the substitute to the resolution, and the name of the gentleman from Volusia inserted therein. This amendment was ruled out of order.

Motion to adopt the substitute to the resolution prevailed, 29 to 22.

In explaining his vote, Mr. Davis of Madison said that he was sorry the matter had been brought to the cognizance of the Legislature. He was a Bryan Democrat, and that he thought democracy would never succeed in this country until the attacks upon the leaders of the party ceased. He, therefore, would vote in favor of the substitute.

Mr. MacWilliams of St. Johns, in explaining his vote said: "I opposed the original resolution for the reason that the House had no right to censure Mr. Clark's course in Congress. Now that the substitute eliminates all objectionable features, I shall vote in favor of it."

Mr. Wall of Bradford was excused from voting.

Joe Lee's Scalp.

A letter from Senator Tallaferra acknowledging receipt of the resolution adopted asking him to use all

Strange Disappearance of Tampa Business Man

TAMPA, April 28.—A mysterious disappearance case is baffling the family and friends of Walter D. Parrish and the police. Mr. Parrish, who is the junior member of the city meat market firm of Plunkett & Parrish, has been missing from his home and place of business since last Friday and notwithstanding the fact that diligent search has been made for him no trace of the missing man can be found. He was at his place of business at the corner of Harrison street and Florida avenue in his usual good health and spirits last Friday morning and about 10 o'clock of

that day answered a telephone call at his store and after putting up the receiver of the instrument, immediately left the establishment and has not since been seen by his partner, employees or friends.

He is a healthy, industrious, sober man of about 25 years of age, his relatives living in South Carolina, and it is now proposed to communicate with his father in that State to ascertain whether or not he has gone there, though this is not thought probable.

His partner, Mr. Plunkett, and other friends fear that he has met with foul play.

Government Claims Jurisdiction Over Okeechobee

The Tallahassee correspondent of The Times-Union, writing under date of April 27th, says:

"By request of the Trustees of the Internal Improvement Fund, Hon. A. C. Croom, Comptroller of the State of Florida, went down to Jacksonville last week to confer with Chief Engineer Spaulding and Special Government Engineer Kavanaugh, sent out from Washington by the United States Government. Mr. Croom reported today that Mr. Kavanaugh stated at this conference that the United States claimed jurisdiction over Lake Okeechobee and warned the trustees against draining off the waters of the

lake, either by tributary streams, canals already in operation, or by tapping the lake itself. The engineer further stated that the War Department would not take the matter up for adjustment and advised that the trustees take steps to have Florida's representatives in Congress procure legislation that will allow the work of draining the Everglades to progress.

"The question of Federal jurisdiction is a mooted one which will be thoroughly threshed out by the State. In the meantime, it is the determination of the trustees to go on with the work now in hand."

NEAR BEER TO BE SHUT OUT OF STATE

SHOULD SENATOR HUMPHRIES' BILL BECOME A LAW.

Bill Creating Palm Beach County Passed Senate—Disfranchisement Up Today.

From Tuesday's Daily Sun:

TALLAHASSEE, April 26.—Near beer will have no place in Florida if it is at all near, if a bill introduced in the Senate Saturday by Senator Humphries of Manatee county is adopted by the Legislature. The bill defines alcoholic liquors and beverages and sets the percentage of alcohol at 2 per cent.

No other bills were introduced in the Senate and it was a comparatively very quiet session.

A bill creating Palm Beach county out of the northern portion of Dade was passed. A bill will be subsequently introduced providing for a change of name from Palm Beach to Flagler county.

Several bills on third reading of minor importance were taken up out of their order and disposed of just to clear the calendar up a little.

Senator Beard's disfranchisement measure has been set at a special order for Tuesday morning at 10:30 o'clock and is perhaps the most important matter that is coming up this week. Senator Beard will probably speak for nearly two hours on this measure and besides advocating it will train his battery against the 41st amendment. His speech on this measure is regarded as the feature of the week in the Senate.

As a special order Senate bill No. 26, by Mr. McCreary, relating to entry on enclosures to hunt or fish, was taken up and passed to third reading.

The House.

Contrary to expectation, Hon. W. A. MacWilliams of St. Johns county declined to make motion Saturday for a reconsideration of the action of the House in adopting joint resolution No. 68, providing for constitutional amendment for submission of the question of State-wide prohibition to a vote of the people of Florida.

Following the adoption of the resolution Friday, Mr. MacWilliams gave notice of a motion to reconsider, but just prior to the hour of adjournment Saturday he arose from his seat and stated that he had decided not to take such action. This declaration was greeted with applause from the prohibition forces. Hon. S. J. Hilburn of Putnam, who led the prohibition fight, in a short and happy speech, congratulated the gentleman from St. Johns upon deciding not to renew the fight.

Felicitous remarks were then exchanged between prohibs and anti and the end of the day's session grew into the shape of a good-natured hobnobbing. All traces of any feeling of estrangement or factionalism seemingly became obliterated, and the members all evidenced a strong desire to show one another that they were willing to let bygones be bygones.

Campaign in Columbia.

Those who came from other States to fight for prohibition have directed their attention to Columbia county, where a dry or wet election will take place next week. These professional prohibs announce that they will inaugurate a systematic campaign in the interest of State-wide prohibition at once.

A bill providing for an appropriation of an amount sufficient to make up for the deficiency in the 1909 appropriation for the maintenance of the State Hospital for the Insane was railroaded through both branches of the Legislature Saturday, under waiver of rules. The bill was introduced and passed in both houses simultaneously, and the quick work serves to demonstrate just what the Florida Legislature is able to accomplish in moments of emergency.

Monday being Memorial Day, both branches of the Legislature adjourned to Tuesday, and many members left immediately to spend Sunday and Monday "at home."

DISINGUISHED VISITOR HERE.

Came for the Purpose of Meeting With Dutton Phosphate Co.

From Tuesday's Daily Sun:

Alexander Hamilton, first vice-president of the A. C. L. railway and general counsel of this great system, of New York City, was among the prominent visitors here yesterday.

It is understood that his business was connected with the Dutton Phosphate Company, he having come to Gainesville in reference to several minor matters which were settled satisfactory to the interests of all concerned.

It was the intention of this gentleman to take a drive over the city and also try his luck in angling for the snay tribe in Lake Newman while here, but urgent business matters called him to New York by wire and he left in the afternoon in his private car.

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

A Beneficial Meeting.

H. E. Taylor and C. A. Faircloth, representing the two National banks of this city, have returned from a meeting of the State bankers at Live Oak. They speak in the highest terms of the treatment accorded them by the bankers of Live Oak and the citizens generally, and say the banquet was the most elaborate affair ever given in Middle Florida. Those present consider the gathering one of the most beneficial and interesting ever held by the association.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

Friends Will Assist.

Since the publication of the last article concerning R. H. Owen, parties in the West and will assist Owen in trying to have his sentence commuted to life-imprisonment. People generally believe that the man is about half crazy at times and will do what they can in his behalf.

During the spring everyone would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. McCollum & Co.

The melon growers in the Ocala section are busy preparing the crop for the market. An enormous acreage has been planted this year and good prices are expected.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. J. W. McCollum & Co.

JAMES LONDON KILLS SMITH WITH HAMMER

FIGHT OVER A SKIN GAME SUNDAY MORNING.

How Occurs at Mill No. 25, Near Ocala, in Vicinity of Wade.

From Tuesday's Daily Sun:

Another killing has occurred in the western part of Alachua county, the tragedy having been enacted at Mine No. 25, located at Ocala, just west of Wade, and was committed at an early hour Sunday morning.

From what could be learned, a number of negroes at this place were engaged in their usual "skin game" after play day, when James London and Mitchell Smith became involved in a difficulty that resulted in the latter's death.

After a few hot words, London picked up a hammer that was laying near and sunk it in the head of his comrade with sufficient force to cause his death a short while afterwards.

Justice Beasley of High Springs was notified of the killing and, in company with Deputy Sheriff Thomas, left at once for the scene and empaneled a jury of inquest.

The evidence introduced, at the hearing was sufficient to show that the man had been killed in the above manner and London was held without bail to await the action of the next term of court, which will convene in this city during the first week in May.

Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GRAVES OF DEAD LOVINGLY DECORATED

DAUGHTERS OF CONFEDERACY
STREW THEM WITH FLOWERS.

Lengthy and Appropriate Address
Delivered by Dr. C. L. Crow
of University.

From Tuesday's Daily Sun:

In memory of the lost cause and honor to the departed dead, the Confederate Veterans, Kirby Smith, J. J. Finley and Mildred Lee chapters, U. D. C., and a general sprinkling of the G. A. R., participated in the memorial services held in this city Monday, Judge Horatio Davis acting as commander for Stonewall Camp, U. C. V.

During the forenoon members of Kirby Smith and J. J. Finley chapters visited the cemetery and placed wreaths upon the graves of those who have passed away. The ladies of Kirby Smith Chapter also decorated very appropriately their large and handsome monument on the court house square.

The audience that assembled at the Tabernacle almost filled that spacious building and was one of the largest ever seen here upon a similar occasion. The exercises were under the auspices of Stonewall Camp, U. C. V., and were among the most enthusiastic and successful ever held in this city.

Judge Davis, master of ceremonies, opened the exercises at the Tabernacle, which was followed by prayer by Rev. F. R. Bridges of the Methodist church.

Miss Hester Tittman played "Dixie," which was greatly applauded, causing many to show their enthusiasm, following which the crosses of honor were presented by J. J. Finley Chapter to Mrs. M. G. Bass and H. E. Stokes.

Dr. Charles L. Crow then delivered one of the most appropriate and timely addresses ever heard in this city upon such an occasion. He spoke fittingly of the bravery of the Confederate soldier and of the devotion of the Southern women, and paid a high tribute to the slaves who remained faithful while their masters were away.

The University Cadets, in charge of Major Walker, took a prominent part in the ceremonies, and made a fine showing in their brilliant gray uniforms.

Judge Davis in a few well-chosen remarks thanked the audience for their attendance, and referring to the war, said it was the duty of the children to learn from their parents what manner of men their fathers and grandfathers were, for they had every reason to be proud of their ancestry.

The monument decorations were very handsome, being Confederate flags spaced along at close distance on four large banners of red, white and blue, flowers and evergreens being placed at the end of the bunting on the railing around the coping.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

Death of Miss Pearl Cox.

From Wednesday's Daily: News was received in this city Tuesday of the death of Miss Pearl Cox of LaCrosse and Rev. S. B. Rogers of this city was called there to conduct the funeral services. The deceased was well-known in Gainesville and her host of friends deeply sympathize with the family in their loss.

EMMA DRAPER.

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

MAN NEARLY KILLS OWN BOY MONDAY

COMPLAINT MADE BY NEIGH-
BORS WHO HEARD SCREAMS.

White and Black Alike Will Testify
Against Black Man on
Serious Charge.

From Wednesday's Daily Sun:

Friday Williams, a middle-aged negro, was Tuesday arrested on complaint of a number of white and colored citizens for ill-treatment of his little six-year-old son.

It seems from what could be learned that Williams has for some time, or ever since the death of the boy's mother, been severely beating the boy without just cause and he had been repeatedly spoken to concerning the manner in which he whipped the little fellow.

On Monday night, however, he was even more severe than usual, nearly killing the lad, knocking him senseless, in which condition he lay for some minutes before revived by friends who went to the rescue.

Williams, it is said, would keep the child shut up in a close room all day with only a pitcher of water and occasionally something to eat, and if he was not in the best of humor on his return from work he would beat and otherwise mistreat the boy.

Monday night was more than the neighbors could stand for and they had the man arrested and confined in the county jail. Williams will be given a trial this morning before Judge Mason.

Made Memorial Address.

Congressman Frank Clark and Col. Thos. W. Fielding have returned from Starke, where on Monday the former delivered an address in connection with the Memorial exercises by Joe Wheeler Chapter, U. D. THE S. P. C. A. HOLD INTERESTING MEETING

SEVENTY-NINE NEW MEMBERS
ENROLLED MONDAY.

Meeting of Executive Committee to Be
Held in the Very Near Future
for Crusade.

The S. P. C. A., the newly-formed society for this city, met Monday afternoon at the court house pursuant to adjournment and was called to order by the president, W. E. Baker, who stated the object of the meeting—to complete the organization and transact such other business as might properly be brought before them.

The committee on solicitation of new members reported and some seventy new members were added to the already large list, which now gives an enrollment of eighty-nine.

The following officers were elected to complete the organization: Rev. S. B. Rogers, first vice-president; Mrs. E. C. F. Sanchez, second vice-president; Mrs. J. E. Futch, third vice-president; P. G. Ramsey, sergeant-at-arms.

The executive committee, consisting of the officers and five members from the association, was selected as follows: T. D. Tinnin, Mrs. W. L. Hill, Mrs. A. P. Morrow, Mrs. H. E. Taylor and W. R. Thomas. It will be the duty of this committee to look after the complaints and have the general management of the warfare to be made by the society in their crusade against cruelty to animals.

This committee will be called together within a very short while to formulate plans, and to take some action against offenses practiced here, which are in direct violation of the law.

ODD FELLOWS CELEBRATE.

Nineteenth Anniversary of This Noble
Order Commemorated.

The local lodge of Odd fellows, Center Lodge No. 11, held their anniversary service on Monday night and the meeting was largely attended by the members and visiting brethren.

Following the regular exercises and anniversary services a tempting collation was served and highly enjoyed by the large number present.

The Odd Fellows are in a most prosperous condition and more new members are being added to the order than any of the older ones, which speaks well for the officers now presiding.

Sanford will have a Fourth of July celebration which it is claimed will eclipse any effort of the kind ever attempted before.

HOW TO GROW FAT

A Lazy Stomach the Cause of Thin-
ness Nine Times in Ten.

If you are thin or lean, have scrawny arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mica tablets will put it right at once.

Mica—a will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach, belching of gas, heaviness after eating.

J. W. McCollum & Co. sell for 50 cents a large box, and guarantee it to cure indigestion, sea and car sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mica is sold by leading druggists everywhere.

Husband Held the Gun While Wife Pulled Trigger

HATTIESBURG, Miss., April 24—

Mrs. Minnie Crosby has confessed before the coroner's jury here that she pulled the trigger which sent the contents of a double-barrel shotgun into the head of J. R. McShane, whose decomposed body was found in a secluded spot near the Boule street bridge in Leaf river swamp.

She sobbingly admitted that she had been intimate with McShane, having met him upon numerous occasions close to the spot where he was killed. She said that her husband had intercepted the correspondence between McShane and herself and by threat of death, if she disobeyed, had forced her

to assist in decoying McShane into the swamp where he might be slain.

When McShane kept the appointment he had made with Mrs. Crosby, near the bridge on Easter Sunday, his greeting was interrupted by the order of her husband, who emerged from a clump of bushes, to throw up his hands. Mrs. Crosby says her husband then levelled his gun upon McShane and compelled her to pull the trigger. The full charge of the gun struck McShane in the mouth. He ran a few steps, moaned pitifully, and fell, expiring almost instantly.

McShane recently came here from Alabama. He was a young brick mason.

MRS. CARLTON WRITES OF RECENT CONVENTION

TRIP TO JACKSONVILLE PROVED
MOST PLEASANT.

Every Courtesy Was Shown the Postmasters and All Were Delighted.
Micanopy Building.

Editor Sun: The Florida Association of Postmasters assembled in convention at Jacksonville, Fla., April 12th, 14th and 15th.

As we were allowed six days' leave of absence, I went on Saturday before to attend the Easter services in church Sunday. It was thought some months ago that the new church which is in course of construction would be ready for use on that occasion, but it was not, and the old or temporary church, which was built after the big fire, is still in use, although inadequate to the needs of the congregation. The new one is a magnificent structure and will be large enough to accommodate the crowds that could not be seated and remained standing, some outside the door after the church was filled that day.

I had the privilege of seeing two of my little grandbabies baptized there, one the infant daughter of Mrs. Grace Arnow of Jacksonville and the other the baby boy of Mrs. Josie Arnow of Micanopy. At the time the baptismal ceremonies were going on at the holy water fount, a marriage ceremony was being solemnized in front of the altar.

On Monday I visited the postoffice and was shown through the interior, where a number of clerks were kept busy, each one doing the work assigned him. While there I was fortunate in finding some fixtures that I will need for the new postoffice here.

On Tuesday many topics were discussed at the two sessions of the convention relative to postal affairs and at the close the postmasters were invited to attend the theatre at Dixieland in the evening.

On Wednesday there was only one session, which closed at 12:30, and we were treated that afternoon to a trip on the St. Johns river to Green Cove Springs. We went first to view the spring and watch the bathers until time to go to the campus and witness the military drill. When that was over we returned to the boat and started on the homeward journey. The banquet on the return trip was all that could be desired and seemed to be thoroughly enjoyed by everyone. After the last course was served we were entertained the balance of the trip by the band that had accompanied us from Jacksonville. The selections rendered would have to be heard on the water in the stillness of the night to be fully appreciated. We reached Jacksonville about 10 p. m., very tired but much pleased with our day's outing.

On Thursday the last session closed and we assembled at the postoffice, where a picture was taken of the large group. After that we were shown Jacksonville in touring cars. The most interesting feature of that ride was the man with the megaphone, who explained to us the most noteworthy places or residences that we passed. As we passed the Home of the Aged he told us there was an old lady there who had recently celebrated his 109th birthday. He added that he and a friend called to interview her, and when they asked the secret of her longevity, she replied: "I have never been in love. When we were leaving, though," he said, "she asked my friend to call again."

On Friday we visited the ostrich farm, where we saw nests full of eggs that looked at a distance like piles of rock, the eggs are so large. They also had young birds of two and four weeks old. We were told that they grew six inches each month until they are six months old. Those four weeks old were as large as a half-grown turkey.

Our new building, which is to be used for a postoffice and store, is progressing nicely. It is on the lot owned by Mr. Carlton and being a corner lot, located as it is, makes it a most desirable place for the purpose for which it is intended. Dr. Watkins expects to erect a bank building on the corner just across the street and north of the new store. This will put the store, which is built

MRS. J. G. DUKES.

Rev. J. G. Dukes, Pastor of the Unitarian Church of Pinetown, N. C., writes:

"My wife has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then the color has returned to her face, and she is gaining in flesh every day, and I believe she is a well woman to-day."

"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. To-day his face is rosy, and he is out in the yard running and jumping with the rest of the children."

Stomach Trouble Relieved.

Mrs. T. J. Ballard, Pryor Creek, Indian Territory, writes: "I am happy to tell you that I keep free from my old stomach trouble; feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and rejoice that I found a sure cure in your valuable medicines, which I failed to find in the best of home physicians."

honorable means to have the present head of the Internal Revenue Department of the Government in this State decapitated and a good white man appointed as successor, was read. Senator Tallaferra promised his best efforts to the movement.

At this juncture Mr. MacWilliams of St. Johns offered a resolution that the House, beginning Wednesday, convene at 9 a. m. and adjourn at 1 p. m. daily. In explanation of the purpose of the resolution Mr. MacWilliams said he thought the House could accomplish more work during a four-hour session than a two-hour session.

House concurrent resolution No. 14, by Mr. MacWilliams of St. Johns, that the orange blossom be adopted and designated as the emblem flower of the State. Under waiver of rules this was adopted for immediate certification to the Senate.

IN THE SENATE.

Under joint resolution introduced in the Senate Tuesday by Senator Harris of the Twenty-fourth, the Postmaster-General at Washington will be asked to establish a daily mail service from Knights Key to Key West by packet.

The Senate devoted the greater part of the session to bills on third reading and passed a number of varying importance.

After long debate the bill by Senator Hudson, raising the school age from 7 years, was killed by a vote of 15 to 11. Senator Buckman of Duval spoke strongly in favor of

CLOSING EXERCISES WALDO HIGH SCHOOL

AWARDING OF DIPLOMA BY
SUPERINTENDENT KELLEY.

Exercises Will Begin on Sunday and
Last for Period of Four
Days.

The Waldo High School, one of the largest of the county, will close for the term this week and the commencement exercises will begin at that place on Sunday.

The Sun is in receipt of the program but owing to its length we are unable to give same in full, the exercises commencing on Sunday and lasting for four days.

The baccalaureate sermon will be delivered by Rev. S. B. Rogers of this city Sunday morning at 11 o'clock.

Monday, commencing at 8 p. m., the primary department will render a well-arranged program in which some twenty-four of the pupils will take part.

Tuesday evening at 8 o'clock the High School department will have their exercises, which will consist of the usual recitations, speech-making, and music, and will be closed with a one-act play entitled "Chronothanatonetron," in which fifteen of the young ladies are to take part.

Wednesday the graduation exercises will occur. The program has been carefully arranged, including an address by Capt. Geo. M. Lynch and the presentation of diploma by County Superintendent Kelley.

the measure, while Senator McCreary of Alachua objected to its passage.

Among the bills passed on final reading was one by Senator McMullen giving street car companies the same right and power of eminent domain enjoyed by railroads and canal companies and another by Senator Johnson prohibiting fire insurance companies from setting up lack of title as a defense from payment of a policy.

Owing to the fact that several Senators were absent Senator Beard asked that his disfranchisement measure, which was down as a special order, be set as special order for Thursday instead. This was agreed to and he will speak Thursday morning at 10 o'clock in behalf of the measure.

On Third Reading.

Among bills considered on third reading were the following:

Senate Bill No. 31, by Mr. McCreary—To punish any person who intimidates or attempts to intimidate any person who has been served with process to appear as a witness in any court of this State. Adopted.

Senate Bill No. 10, by Mr. Johnson—Prohibiting fire insurance companies doing business in this State, in the absence of fraud, misrepresentation or deceit upon the part of the party insuring, from setting up as a defense against payment of a policy lack of title in the party insuring. Adopted, 22 to 3.

Senate Bill No. 105, by Crill—Prohibiting prostitution of females under the age of 18 and providing maximum imprisonment of ten years. Adopted.

Senate Bill No. 109, by Crill—Relating to enticing away unmarried females for prostitution and providing maximum of three years in State prison or \$1,000. Adopted.

CAUGHT TWO "TIGERS."

Deputy Sheriff Story Brings in Man and Wife Wednesday.

Deputy Sheriff L. E. Story Wednesday brought to this city two alleged blind tiger keepers and placed them in jail to await an examination, which will be heard before County Judge Mason. They were arrested at Grove Park.

Isaiah and Lou Stevens, man and wife, it is said have been selling whiskey for some time and complaint having been made to the deputy, he set several traps and lay in wait for them, finally being rewarded by catching them in the act on Tuesday night.

This is the first arrest for this violation in that section for some time.

The time is now at hand when the surplus space in the backyard can be put to good use by planting a few rows of sweet potatoes.

Turk Massacre Death List Runs Over 25,000

BEIRUT, April 26.—The situation in Asiatic Turkey is one of extreme gravity. How many thousand have been massacred cannot be estimated, the disturbances having been so wide-spread. Latest estimates place the number of killed in Adana at approximately 25,000, and thousands have been done to death in the towns of other districts. The state of siege which several of the places are undergoing, has brought the inhabitants to the verge of starvation.

Several warships are in these waters, but the disorders are so far-reaching that the efforts of the powers to restore normal conditions have as yet hardly been felt. The French cruiser Jules Ferry arrived here yesterday and left for Latakia, where swarms of refugees are pouring in. British, French and German warships are at other ports, and marines have been landed to quell disorders as far as possible at the more important points.

THIEVES ENTER STORE OF MRS. LOIS TUCKER

Sometime during Tuesday night thieves entered the grocery store of Mrs. Lois Tucker, located on Wall street, and carried off considerable groceries besides the cash drawer and the change that had been left in it.

In all the loss will probably amount to about \$25, and of this amount a few cents over \$10 was in cash, which was left over from the sales for change purposes.

There is no clue as to who the guilty parties are, but judging from the way they went about the matter it was someone well acquainted with the building and knew all about the general affairs of the place, entrance

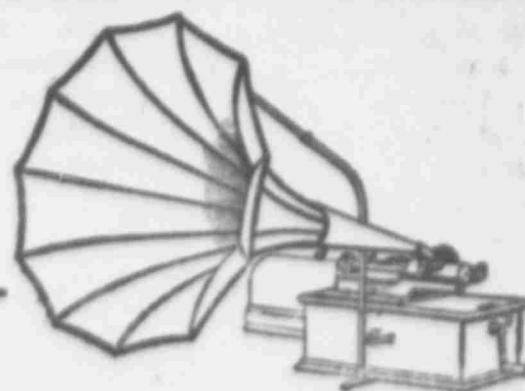

being made through the floor.

Officers Arnow and Owens are both at work on the case and something may develop within the next few days regarding this and other robberies which have occurred within the past few weeks.

YOUNG TURKS STORM THE SULTAN'S PALACE

CONSTANTINOPLE, April 28.—The Yildiz garrison surrendered Sunday to the Constitutional forces. The commanders of the garrison battalions began sending in their submission to Mahmoud Scheffer Pasha Saturday night and the whole of the troops protecting the palace gave their formal and unconditional surrender shortly after dawn. Niaz Bey, called the hero of the July revolution, is now in command of the garrison.

Sultan Abdul Hamid has been permitted to remain within the walls of the Yildiz Kiosk, where, Saturday, in company with his ministers, he waited for the outcome of the struggle between his loyal troops and the army of investment, each hour bringing to him word of fresh disaster. It has been stated that the Sultan gave orders to his men not to resist.

Both Sides Lose Heavily.

Whether or not this is true, it can be safely said of the troops within the capital that they put up a stubborn resistance at all points, and the losses on both sides are exceedingly heavy for the length of time the engagement was in progress.

A representative of the commander-in-chief of the Constitutional force is authority for saying that there will be an adequate inquiry into the sovereign alleged complicity in the recent mutiny. The ministry has not yet been dissolved, but Constantinople and a number of other places have been declared in a state of siege. Martial law prevails.

The last garrison to surrender was the Seftimieh artillery barracks. Four thousand men stationed there with a hundred guns threatened to blow the city into ruins, but Gen. Scheffer yesterday ordered up six big guns and several batteries of machine guns to positions which commanded the barracks, and the cruiser Medi Jieh steamed out of range of the field pieces and prepared for action. The commander of the barracks thereupon submitted.

Capital in State of Siege.

Following Saturday's terrific fighting the city took on an aspect of strange quiet towards evening. There was fear that there would be further fighting during the night, as the forces of Gen. Scheffer were strongly posted close to the palace.

The investing troops were reinforced in the fear that the Yildiz garrison would remain loyal to the Sultan and continue the struggle to the end. Fortunately the officers saw the hopelessness of resistance.

Following the proclamation of martial law in Constantinople and various circular notes sent to each of the foreign ambassadors, it read: "I have the honor to inform your excellency that in view of the circumstances a state of siege begins today in the capital. Ismid, Tekmekmedje, Tchatalja, Gebze, Kartal and Beyoos. (Signed) "RIFAAAT."

"Minister of Foreign Affairs."

Col. Galib, inspector-general, has been made responsible for the preservation of order, and placards have been posted about the city requesting the people to continue their business. The posters advise the populace to keep within doors from one hour after sunset until sunrise, but permit-

tion will be given by the officers of the watch for passing through the streets on necessary business after nightfall. The object in establishing martial law is chiefly to permit a military search of residences for fugitives and to bring seditious persons before military courts for trial.

What Will Be the Sultan's Fate?

The evacuation of the quarters around the Yildiz Kiosk began early in the morning. The soldiers of the garrison were made prisoners and their places were taken by Macedonian battalions.

"It was through me," remarked one of the chamberlains of the court, Ali Bey, "that his majesty sent the message to Memdouk Pasha not to resist. 'All of them,' said his majesty, 'still are my children. I do not wish any more bloodshed.' When the Sultan gave the command not to resist there was no resistance, and the affair was ended."

The Sultan summoned his Grand Vizier, Tewfik Pasha and the Minister of War, Edhem Pasha, to come to him when the guns first began to sound Saturday morning. They remained with him throughout the day. The Sultan was silent and outwardly calm and was considerate and courteous toward his aides and others who came in contact with him.

The question is now being asked: "What will be done with the Sultan?" This inquiry was made directly to Col. Hamdi, who replied: "His majesty's return to the events of March 13 will, I understand, be considered by a commission of notable men sitting privately. The endeavor will be to arrive at a just estimate of his position."

Enver Bey, one of the leaders of the Young Turks, when asked how military men regarded the Sultan, replied:

"We do not have an opinion on that subject. The Sultan is in the hands of Parliament. The army's mission is to uphold the civil government."

Help Needed at Adana.

There is still some disquietude about the city. Supply trains are coming in from the country districts, these consisting of strings of donkeys, with boxes of ammunition over their backs; ox carts, rudely built, filled with supplies; herds of sheep and cattle, and some splendid artillery horses and vigorous little ponies. Dispatches are coming here from points in Asiatic Turkey bringing tidings of Armenian and Turkish conflicts all over the country.

The Senate and deputies have adopted a resolution at San Stefano embodying a request to the government to order imperatively the local authority to stop the disorders and punish the leaders. Ambassador Leishman has transmitted the following message:

"Hapless outbreaks at Adana; native Christians suffered much loss of life and property. Their district is in flames; 15,000 now destitute. Thousands of dollars required daily. They have bread alone; lack medical supplies. The four emergency hospitals are already overcrowded. Two large orphanages are required at once. The government cannot meet the present needs. The relief commission has begun work, but funds are needed."

Sultan Is Deposed; His Brother Placed on Throne

CONSTANTINOPLE, April 27.—Abdul Hamid II has been deposed as the Sultan of the Turkish Empire, and Mehmed Reschad Effendi, his brother, will be proclaimed his successor, probably by 3 o'clock this afternoon.

The deposition will be through the regular form prescribed by the tenets of the Mohammedan faith. It is understood that Shuk U' Islam, head of the church, will issue the decree of deposition. News of the deposition of Abdul Hamid and the selection of his brother to succeed him caused great excitement throughout Constantinople. Crowds at once began to

gather in the principal squares and thoroughfares and around the Imperial palace of Yildiz in anticipation of the proclamation of the new Sultan.

New Sultan Proclaimed.

CONSTANTINOPLE, April 27.—Mehmed Reschad Effendi was proclaimed Sultan of Turkey at 2:30 o'clock this afternoon, in succession to his brother, Abdul Hamid II. The Sultan was deposed by the National Assembly, whose decision on the proposal was unanimous.

A salute of 101 guns was fired at 2:30 this afternoon, which announced to the populace of Constantinople a change in the Sultanate.

LETTER TO DR. WATSON PORTER, Gainesville, Florida.

Dear Sir: Suppose you are growing an acre or two of cabbage; where'll you get your seed? The price of Long Island seed is \$2 lb; the Germans send over tons of "cabbage-seed" 50c pound.

Most gardeners buy the German seed; of course, you know they wouldn't pay \$2 for cabbage-seeds, when they could get it for 50c. And that's how people do about everything.

Careful people buy the smaller package of each, count-out 100 seeds of each, and grow them a week in a hot-house; then count their plants. They've got 100 Long Island plants and 10 German.

How, do you think, the Long Island cabbage-seed-growers account for that? They'll tell you the German seed is mostly turnip, which looks like cabbage, but isn't.

Why didn't the turnip-seed grow? The Germans had killed it, baked it. What did they bake it for? Dead seeds tell no tales.

There's a whole business in killed seeds. A dealer can get all the dead seed he wants, that look like cabbage and something else; he can mix 'em with actual seeds, a pound to an ounce, and sell you your seeds at whatever price you like to pay and whatever profit he likes to take.

The same with paint; you can paint with whitewash or paint, poor paint or good; you can pay your painters \$3 a day for brushing it on. But whitewash is whitewash, poor paint is poor paint, and good is good.

You'd better buy good, and pick-out your good by the number of gallons it takes to cover a job; least gallons, best paint; least gallons, least cost by \$5 a gallon; least gallons, most wear.

Better buy Long Island seeds, but try 'em first. Better buy Devco, but try it first. Yours truly,

F. W. DEVCO & CO.
P. S.: The Gainesville Hardware Co. sell our paint.

COUNTRY PRECINCTS ARE COMING TO FRONT

THEY HAVE GOT THE SPIRIT AND ARE WORKING.

There is No Lag in the Voting and All Parties Are Deeply Interested.

Every section of the county is now alive to the voting and every mail brings in a large number of votes that have been procured from the merchants and taken home by friends to be sent back to the city.

The rural districts are not by any means slow in catching on and a large number of the contestants have already secured orders from large firms who trade here for all of the votes on their purchases and have also gotten them interested to such an extent that they will throw more trade to the merchants who have joined the combine.

By a careful perusal of all the merchants mentioned in the large advertisement you will find just where to do your trading and at the same time make the money count for votes, and don't fail to remember that a most liberal way in which to secure votes during your spare time at home is to canvass among the neighbors for subscriptions, job work or advertising for The Sun. Each and every day since the great contest began clubs have been mailed the paper, which accounts, in a manner, for the way the country precincts are being heard from.

Gainesville girls have interested themselves almost from the start, as will be seen by reference to the large vote now being polled by all of the leaders.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
